

Certificate Templates

Eight ready-made certificates, one for each of the values used across the site, so the right one is always to hand when a student earns it.

Print these

Page	What it is
Page 2	Courage
Page 3	Kindness
Page 4	Honesty
Page 5	Resilience
Page 6	Generosity
Page 7	Discipline
Page 8	Leadership
Page 9	Gratitude

How it works

Step	What happens
1	Catch an example of one of the eight values in action, however small.
2	Print the certificate that fits, or take one from the folder.
3	Add the student's name, sign it and date it. You can type onto the PDF before printing if you prefer.
4	Give it to the student quietly, or present it in front of the form if that suits the moment.

Worth knowing

- Print a few of the values you are most likely to use and keep them in a folder, so there is one ready the moment you need it.
- Not every certificate has to go to the highest achiever. Effort and small kindnesses count too.
- Works well alongside Praise Postcards, and alongside a display once a few have been given out.

The only preparation is printing the values you are likely to use. The rest is noticing, and handing one over.
